

# SCOOPY-DOO!

## THANKFUL FAVORS

### WHAT TO DO

First, fill a pretzel bag about half way with the Sixlets. Use some twine to tie it closed and cut off most of the excess bag. Leave about 1-2 inches so the twine doesn't slip off.

Cut a 5 inch x 5 inch square from your kraft wrapping paper. Crumple it into a ball and flatten it back out several times. This will be the corn husk and crumpling it gives it a more realistic look. Then, using your scissors, cut long strips into the kraft paper and stop about 1 1/2 inches from the bottom of the kraft paper square.

### MATERIALS

-  Autumn Sixlets
-  Pretzel Bags
-  Kraft wrapping paper
-  Kraft Paper Tags
-  Scissors
-  Twine
-  Glue

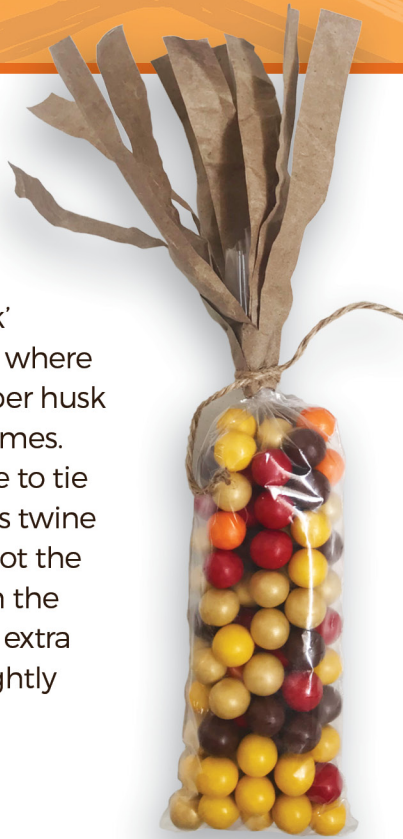

## WHAT TO DO

3

Wrap the kraft paper 'husk' around the top of the bag where you tied it closed. The paper husk will wrap around several times. Use another piece of twine to tie the husk on. You want this twine long enough to tie and knot the husk on and also to attach the tag, so give yourself a little extra length. Tie the husk on tightly and make a small knot.

4

Next, make the tags. Cut out and glue one of the Thankful Tags onto your kraft paper tag. Then trim the tag just below the artwork.

5

Finally, tie on your tag and you are done! Create more for all of your Thanksgiving guests, to show how thankful you are for each and every one of them.
